

*"Make sure your next adventure is as fun as it is challenging, 'Take it Outside' and explore with Outdoor Vino!"*

- David Barringer, Owner

## OUR STORY

Just because you're in the middle of an outdoor adventure doesn't mean you shouldn't have great wine. So in 2009 we created Outdoor Vino with a simple mission, to make wine more accessible to the places you love to be, and to "Take it Outside!" Bottled in BPA-free plastic with an easy access screw cap, these wines are ready when you are.

## BENEFITS

We love the outdoors and know that we need to protect it. Your backpack will be lighter and you can feel good about reducing your carbon footprint. Transfers from pack to Solo cup or straight to lips in no time!

- **Reusable**

becomes a waterbottle, refill and go!

- **Recyclable**

BPA free bottles

- **Durable**

shatter proof

- **Portable**

1/6th of the weight of a glass bottle

- **Greener**

uses 77% less water, less gases & less air pollution during production than glass

## WINEMAKING PHILOSOPHY

Our process is pure and simple. Start with amazing fruit and add genuine and consistent winemaking and blending practices for full flavor development. The outcome is awesome wine that's adventure friendly and delicious! Choose from these blends:

### WANDERLUST WHITE

### SUNDRESS SWEET

### PICNIC TABLE PINK

### RAMBLING RED
